

Department of the Interior,

OFFICE OF GEOGRAPHER,

Ottawa, FEB 23 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or who have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

*Moosomin
Sask.*

The Town of Moosomin is named after the noted Indian Chief Moosomin. He was the head of a band of Indians located near Jack Fish Lake north of Battleford. During the Rebellion of 1885 in the North West Territories Chief Moosomin was one of the few Chiefs who remained loyal to the Government and refrained from joining the rebels. At one time a report had gone forth that Chief Moosomin was on the war path but he stoutly denied this and the charge was never proven.

He is dead some four years and was buried in Battleford. He never lived here but was always a resident of the North Country.

This town was brought into existence in 1882 with the construction of the C.P.R. ~~When~~ ^{while} the road was under construction and before the stations were named by the Company this place was known as the fourth siding as it was the fourth siding from the end of the road then under operation by the company.
