Dear Sir -

Re yours of 24th in name of
Post Office Taylorston.

This Post Office was named after
my father, Mr R. R. Taylor, who originally
owned and developed the mine here. He
was the first party to open & develop the
mine here on a large scale, so hence
they called the Post Office after him &
named it Taylorston. The largest mine here
is owned by the Western Dominion Collieries
Limited, which was formerly owned by my
father.

Trusting this is all the information
you require -
